(SEE SECTION 1, AMNEX B, INGLOSURE VII FOR REFERENCE).

UN THE MORNING OF 19 JUNE 19 JUNE 1967 THE 4/47 INF
WAS ENGAGED IN A SEARCH AND DESTROY A ENATION IN EASTERN LONG
AN PROVINGE. THE INITIAL PLAN WAS TO LOAD SHAVO 4/47 INF
AT BEACH GREEN AND GHARLIE 4/47 INF AT BEACH YELLOW BY
ARMORED TROOP GARRIERS (ATC'S). AS SOON AS THIS WAS COMPLETED
ALPHA 4/47 INF MOVED SOUTH BY ATO DN THE RACH XON CAU AND
LANDED AT BEACH WHITE WITH THE MISSION OF MOVING TO THE WEST
AND SEGURING THE SOUTH PORTION OF CODECTIVE 14. ALL OF THIS
WAS PROCEDING ON SCHEDULE AND I DECEIVED A GALL FIRST THE
BRIGADE COMMANDING OFFICER TO MEET HIM AT THE FIRE SUPPORT
BASE (FSB). UPON ARRIVAL HE INFORMED ME THAT INTELLIGENCE
INDICATED THERE WERE THREE VG COMMENTES LOCATED IN THE ALEA
GENERALLY BORDERED BY DOJECTIVES 17, 19, 20 AND 21. (SEE
SECTION 1, ANNEX B, INCLOSURE VII FOR REFERENCE). HE FLACED
CHARLIE 3/47 INF UNDER MY OFERATIONAL CONTROL AND DIFECTED
THEY MAKE A HELICOPTER ASSAULT IN THE VICINITY OF OBJECTIVE
21, THEN MOVE TO THE EAST TO THE NACH DEN VUA AND THEN SWEEP
THEOUGH THE NIPA FALM NORTH TO THE VICINITY OF OBJECTIVE 20.
CHARLIE 3/47 INF WOLLD SE MOVED FROM OBJECTIVE 14 SOUTH BY
ATC AND LAND AT OBJECTIVE 20. THEY WERE TO MOVE AEST ALONG
THE SOUTH SANK OF THAT STLESS TOWN. CHARLIE 3/47 INF WOULD BE MOVED FROM OBJECTIVE 14 SOUTH BY ATO AND LAND AT OBJECTIVE 20. THEY WERE TO MOVE WEST ALONG THE SOUTH BANK OF THAT STREAM TOWAR OBJECTIVE 17 AND PROVIDE THE BLOCK TO THE NORTH AS CHARLIE 3/47 INF MOVED NORTH. THE 2/46 ARVN DATTALION WAS BLOCKING TO THE WEST IN THE VIGINITY OF OBJECTIVES 22, 23 AN. 25. I WOULD ALSO MOVE ALPHA 4/47 INF SOUTH FROM OBJECTIVE 14 TO THE VICINITY OF OBJECTIVE 18. BRAVO 4/47 INF WAS TO CONTINUE THEIR MOVE FROM OBJECTIVE 11 TO 13 AND 15. THE ASOVE PLAN WAS EXECUTED IN A VERY SHURT PERIOD OF TIME. WHEN CHARLIE 3/47 INF MADE THEIR A HAMOGILE ASSAULT THEY MOVED TOWARD THE AREA BETWEEN OBJECTIVE 19 AND 20 RATHER THAN TO THE RIVER TO THE EAST. ALSO THE 2/46 ARVN BATTALION HAD CROSSED THEIR RIGHT BOUNDARY (HWY 23C) AND WAS IN THE VICINITY OF OBJECTIVE 21. THE BRIGADE GOMMANDING OFFICER LANDED AND GOT THEM BACK ACROSS THEIR BOUNDARY. I OBSERVED CHARLIE 3/47 INF MOVING TO THE FAR WEST OF THE NIPA OFFICER LANDED AND GOT THEM BACK ACROSS THEIR COUNDARY. I OBSERVED CHARLIE 3/47 INF MOVING TO THE FAR WEST OF THE NIPA PALM BORDERING THE ROCH DETI VUA AND INSTRUCTED THE COMMANDING OFFICER TO MOVE MORE TO THE WEST SO HE COULD SWEEP THE AREA ALONG THE RIVER. ADOUT THIS TIME I DESERVED CHARLIE 4/47 INF EXECUTE ITS LANDING AT OBJECTIVE 20. THERE WERE THOOPS FROM CHARLIE 3/47 INF ALREADY IN THE AREA SO I AGAIN INSTRUCTED THE COMMANDING OFFICER OF CHARLIE 3/47 INF TO MOVE BACK SOUTH, THEN EAST TO THE NIPA MALM AND THEN MOVE

NORTH TOWARD CHAPLIE 4/47 IME WHO WOULD MAINTAIN THE BLOCK TO THE NORTH BETWEEN DUECTIVES 17 AND 20. THEY HAD STARTED THIS MOVE WHEN I RECEIVED A GALL FOR THE COMMANDING OFFICER OF ALPHA 4/47 INF SAYING THAT HE WAS RECEIVING HEAVY FIRE FROM THE VIGINITY OF OBJECTIVE 18 AND THAT HE HAD RECEIVED A NUMBER OF CASUALTIES FROM THE INITIAL FIRE. HE INDICATED THAT HE HAD LOST CONTACT WITH HIS PLATHONS AS THE RIGIS HAD BEEN HIT. ALMOST SIMULTANEOUSLY CHARLIE 4/47 INF RECEIVED HEAVY FIRE FROM THE NORTH BANK OF THE STREAM GETWEEN OBJECTIVES 17 AND 20. THEY BOTH IMMEDIATELY REQUESTED ARTILLERY FIRE AND THEY BOTH IMMEDIATELY REQUESTED ARTILLERY FIRE AND AND 20. ATR STRIKES. SOMEWHAT LATER THE COMMANDING OFFICER OF ALPHA 4/47 INF INDICATED THAT HE ESTIMATED HIS GASUALTIES AT 75% TO 80%. HE COULD NOT MOVE RECAUSE OF THE VOLUMN OF FIRE BEING FECEIVED FROM THE BUNKER LINE TO HIS FLORT. CHARLIE 4/47 INF WAS PINNED DOWN AND COUL FNOT MANEUVER BEGAUSE OF THE HEAVY VULUMN OF FILE BEING RECEIVED FROM BUNKERS ON THE HEAVY VOLUMN OF FILE BEING RECEIVED FROM BUNKERS AND THE HEAVY VOLUMN OF FILE BEING RECEIVED FROM BUNKERS AND THE NORTH SIDE OF THE STREAM BETWEEN OBJECTIVES 17 AND 20. AT THAT TIME CHARLIE 3/47 INF WAS OBJECTIVE 18 AND ATTEMET TO KNOCK OUT THE VICINITY OF OBJECTIVE 17, CLOSS THE STREAM AND THEN MOVE BAST TO SWEEF ACROSS COJECTIVE 18 AND ATTEMET TO KNOCK OUT THE CUNKERS IN THE AREA BETWEEN ALCHA 4/47 INF AND CHARLIE 4/47 INF. AFTER ACTION STATEMENT OF ALPHA COMPANY COMMANDER

(SEE SECTION 1, ANNEX B, INCLOSURE XVII AND XVIII FOR REFERENCE)

ON THE MORNING OF 19 JUNE 1967, ALPHA 4/47 INF WAS ENGAGED IN A SEARCH AND DESTROY OF ERATION IN EASTERN LONG AN PROVINCE, RVN. AFTER HAVING MOVED THROUGH TWO INTERMEDIATE OBJECTIVES, THE COMPANY, WHILE ENHOUTE TO A THIRD SUCH OBJECTIVE, CAME UNDER INTENSE ENEMY FIRE.

FOR MOVEMENT TO VIC XSCHEGGE I PLAGED MY 2ND PLATOON ON THE PROVIDER AND MY 2ND PLATOON ON

FOR MOVEMENT TO VIC XSCHEGOT I PLACED MY 2ND PLATOON ON THE RIGHT FLANK AND MY 3RD PLATOON ON THE LEFT WITH MY 1ST PLATOON IN RESERVE. THE 1ST AND 3RD PLATOONS EACH HAD APPROXIMATELY ONE ADDITIONAL SQUAD, QUTAINED BY SPLITTING MY WEAPONS PLATOON (-). THE HEADQUARTERS ELEMENT MOVED IMMEDIATELY BEHIND THE 2ND PLATOON. ADDITIONALLY, ONE SQUAD OF MY FIRST PLATOON, THESE OF MY EMGINEERS, AND THE ALTILLERY RECON SERGEANT WERE ASSIGNED TO RECON THE STREAM ON MY RIGHT FLANK FROM XSCHEGOT TO XSCHOOL BY MEANS OF PLATIC ASSAULT BOATS. THE 3RD PLATOON WAS INSTRUCTED TO MOVE SLIGHTLY TO THE LEFT PLANK. WHICH BORDERED A STREAM. SONG DUONG LE.

THE HEAR OF THE 2ND REATOON TO PROVIDE ABUITTONAL FIREFOWER TO THE LEFT FLANK, WHICH BORDERED A STREAM, SONG DUONG LE.

EACH PLATOON HAD BEEN INSTRUCTED TO SEND RECONNAISSANCE ELEMENTS INTO EACH TREELINE PRIOR TO THE ARTIVAL OF THE MAIN BODY. ADDITIONALLY, EACH PLATOON HAD BEEN INSTRUCTED TO CONCENTRATE UPON FUNDAMENTAL TACTICS, WITH SPECIAL EMPHASIS UPON PLACEMENT AND USE OF M60 MACHINE GUNS FOR DELIVERING LONG-RANGE FIRES. I WENT SO FAR AS TO PERSONALLY INSTRUCT THREE OF MY M60 CREWS IN THE SELECTION OF POSITIONS OFFERING SOME COVER AND CONCEALMENT WHILE AFFORDING CLEAR FIELDS OF FIRE. AT THE TIME I HAD A GENERALLY UNEASY FEELING DUE TO THE APPARENT LACK OF ALERTNESS OF MY TROOPS. THIS I ATTRI-BUTED TO CONTINUED OPERATIONS IN THE RSSZ WHERE CONVENTIONAL TACTICS DID NOT ALWAYS APPLY.

· CONFIDENMAL

DURING MOVEMENT TO OBJECTIVE 16, THE LEAD ELEM Authority 8735 41

THE COMPANY VEERED TO THE ELST OF THE ASSIGNED AZIM BY NARA Date 2/12/05

GENERALLY STAYED ON THE ASSIGNED AZIMUTH, THUS SEPAKATING THE COMPANY BY PERHAPS 75-100 METERS. WHEN THIS BECAME APPARENT TO ME, I INSTRUCTED THE 2ND AND 3RD PLATOONS TO PICK UP AN AZIMUTH OF 220 DEGREES AND THEN LATER AN AZIMUTH OF 240

DEGREES, TO REJOIN THE COMPANY. THE GOMPANY HAD JUST REGROUPED AS WE ENTERED THE NORTHERN EDGE OF WHAT WAS TO BECOME OUR BATTLEFIELD. AS A RESULT, THE HEADQUARTERS ELEMENT AND THE 1ST PLATOON WERE ABNORMALLY CLOSE TO THE RIGHT FLANK; THIS I DID NOT THINK WAS TOO SERIOUS, HOVEVER, SINGE THE PAB'S WITH ONE SQUAD ABOARD WERE SCREENING MY RIGHT FLANK. THE RECONNAISSANCE ELEMENTS OF THE 2ND AND 3RD PLATOONS WERE NOT MORE THAN 100 METERS AHEAD OF THE MAIN BODY; THUS, BY THE TIME THE 2ND PLATOON POINT DISGOVERED THE "CLAYMORE" MINE SUSPENDED IN A TREE, THE COMPANY WAS VELL WITHIN THE REGON ELEMENTS SOUNDED THE ALARM, THE VG OPENED FILE WITH AN ESTIMATED 4-6 30-CALIBER MACHINE GUNS, 1-2 50-GALIBER MACHINE GUNS, AND AUTOMATIC RIFLES.

AN ESTIMATED 4-6 30-GALIBER MACHINE GUNS, 1-2 50-GALIBER
MACHINE GUNS, AND AUTOMATIC RIFLES.
THIS INITIAL FIRE, COUPLED WITH THE DETONATION OF 2 OR
MORE "GLAYMORE" MINES, CAUSED MOST OF MY CASUALTIES. JUDGING
FROM THE WOUNDS MY PEOPLE REGEIVED, THE VC POSITIONS WERE
WELL-LAID WITH GRAZING FIRE, AS AT LEAST 4 OF MY DEAD HAD
THEIR LEGS PARTIALLY OR COMPLETELY SHOT OFF BELOW THE KNEE.
MY IMMEDIATE REACTION UPON CONTACT WAS TO DROP AND THEN

MY IMMEDIATE REACTION UPON CONTACT WAS TO DROP AND THEN RUN FORWARD TO A POSITION OFFERING SOME CONGENLMENT. MOST OF MY TROOPS WERE NOT SO FORTUNATE; THEY EITHER DID NOT THINK TO MOVE FORWARD, WERE ALREADY WOUNDED AND COULD NOT MOVE, OR WAITED TOO LONG AND LET THE VO GAIN FIRE SUPERIORITY

KNOWING THAT MY 1ST LATION (+) WAS ON THE RIGHT FLANK AND OBSERVING THAT THE VC FIRES EXTENDED ALL THE WAY AGROSS MY FRONT TO THE STREAM ON THE EAST, I DIRECTED THE 1ST PLATOON TO ATTEMPT A FLANKING MOVEMENT AGAINST THE VC BY GUING AROUND MY RIGHT FLANK WHILE THE 2ND AND 3LL PLATOONS LAID DOWN A BASE OF FIRE. I DID NOT REALIZE AT THE TIME THAT THE BC BUNKER LINE EXTENDED AGROSS THE SMALL STREAM TO MY RIGHT (WEST FLANK); AS A RESULT, I IN EFFECT DIRECTED THE 1ST PLATOON TO MAKE A FRONTAL ASSAULT ON THE EXTENDED BUNKER LINE AGROSS ABOUT 200 METERS OF OPEN RIGE PADDY. MOST OF THE DEAD FROM THE 1ST PLATOON WERE LATER FOUND ANGLED OFF TO THEIR LIGHT, INDICATING THEY HAD IN FACT ATTEMPTED TO OUTFLANK THE VC. AGAIN, THE WOUNDS RECEIVED INDICATED WELL-LAID VC POSITIONS WITH GRAZING FIRE, AS MOST OF THE DEAD FROM THE 1ST PLATOON HAD MULTIPLE WOUNDS ALONG THE SIDE OF BOILES ORIENTED TOARD THE VC.

IMMEDIATELY AFTER THIS ATTEMET FAILED, I DIRECTED MY PLASTIC ASSAULT BOATS TO PULL BACK TO THE HE NORTH AND TRY TO LINK UP WITH THE ATC'S. I FELT THAT THE REXTREME VULNERABILITY WOULD BE MORE OF A HANDIGAR THAN THE ADDITIONAL SQUAD WOULD BE AN ADVANTAGE. THIS THEY WERE ABLE TO ACCOMPLISH.

FAILING IN MY MANEUVER ATTEMPT, I THEN GALLED FOR ARTILLERY FIRES IN THE TREELINE, HOPING TO RE-ESTABLISH FIRE SUPERIORITY AND BEGIN A FRONTAL ASSAULT ON THE BUNKER LINE. ALTHOUGH THE ARTILLERY FIRE DEFINITELY CAUSED A REDUCTION IN THE ENEMY FIRE, IT DID NOT STOP THE FIRE. MOREOVER, ONE OF THE RITO'S WHO WAS EITHER WOUNDED OP DEAD HAD HIS HANDSET PERMANENTLY KEYED, SO THAT I COULD NOT COMMUNICATE WITH MOST OF MY ELEMENTS.

I DID NOT REALIZE UNTIL MUCH LATER THAT ALL OF BY NARA Date 7/12/05
PLATOUN LEADERS WERE KILLED AND THAT MUST OF MY SQU
WERE KILLED OR WOUNDED. I DID INSTRUCT THISE PEOPLE WITH
WHOM I COULD COMMUNICATE TO USE FIRE AND MOVEMENT IN AN
ATTEMPT TO REDUCE POSSIBLE CASHALTIES. ALTHOUGH THE COMMAND ATTEMPT TO REDUCE POSSIBLE CASUALTIES. ALTHOUGH THE COMPANY AS A WHOLE WAS PINNED DOWN, AT ALM ST ALL TIMES ONE ELEMENT OF ANOTHER WAS ABLE TO MOVE FOR SHORT DISTANCES. AT FIRST I BLAMED THE RADIO TROUBLE FOR THE FAILURE OF A FRONTAL ASSAULT'S EVEN BEGINNING; LATER I FEALIZED THAT THE LOSS OF MY LEADERS AND THE LARGE NUMBER OF CASUALTIES WOULD HAVE PRECLUDED SUCH AN ATTACK.

HAVING NO FURTHER APPARENT OPTIONS, I CONCENT: ATED UPON OBTAINING SUPPORTING FIRES TO KEEP TTHE VC DOWN AND UPON OBTAINING ASSISTANCE FOR MY WOUNDED. THE SUPPORTING FIRES WHICH WERE AVAILABLE CONSISTED OF 105MM AND 155MM ARTILLERY, HELICOPTER GUNSHIPS AND NAVAL GUNFIRE FROM THE MONITORS.

THE ARTILLERY PROVED TO BE THE MOST ACCURATE AND RESPONSIVE SUPPORTING FIRE. THIS I ATTRIBUTE LARGELY TO THE PRESENCE OF AN AIRBORNE OBSERVER AND A FOLWARD OBSERVER WHO PERFORMED FAR BEYOND MY EXPECTATIONS. DURING THE COURSE OF THE AFTERNOON, ONE HOUSE WHICH WAS THE SUSPECTED LOCATION OF A LIGHT MACHINE GUN WAS TOTALLY DESTROYED. AT ONE TIME THE 105MM ARTILLERY WAS CALLED IN WITHIN 25 METERS OF MY TROOPS AND THE 155MM ARTILLERY WITHIN 50 METERS; TO THE BEST OF MY KNOWLEDGE, ONLY SUPERFICIAL GUTS WERE RECEIVED BY MY PEOPLE DURING THESE FIRES, AS MY PEOPLE WERE INSTRUCTED IN ADVANCE TO KEEP DOWN. IT IS FROBABLE THAT THE VC WITHIN THE AREA ALSO ONLY RECEIVED SUPERFICIAL WOUNDS, AS THEY WERE IN BUNKERS. HOWEVER, THESE FIRES CAUSED THEM TO WITHIN AW SLIGHTLY OR REMAIN UNDER COVER: IN ANY CASE, THE FIRES HAD THE DESIRED PESULTS.

IN CONJUNCTION WITH THIS DISCUSSION OF MITHLERY, FEEL IT IS APPROPRIATE TO NOTE THAT MUCH LATER IN THE NIGHT THE 155MM WAS USED ALL ALONG THE THEELINE TO COVER 3 SUFFIES OF A DUST-OFF MISSION. TO THE DEST OF MY KNOWLENGE, NOT A

A DUST-OFF MISSION. TO THE DEST OF MY KNOWLEDGE, NOT A SINGLE ROUND WAS FIRED AT THE HELICOPTERS, THEN THOUGH 2 HELICOPTERS HAD BEEN SHOT DOWN PERFORMING SIMILAR MISSIONS IN ANOTHER AREA THAT SAME DAY.

THE SECOND MOST ACCURATE AND RESPONSIVE SUPPORTING FIRE WAS THAT DELIVERED BY THE MONITORS (M79, 20MM AND 40MM). AT FIRST THE INEXPERIENCE OF MY TROOPS AT ADJUSTING SUCH FIRE (1 PERSONALLY WAS NOT IN A POSITION TO ADJUST OF ASSIST IN ADJUSTING THIS FIRE) AND OF THE NAVY GREWS IN FIRING SUCH SUPPORT CAUSED A FEW MISDIRECTED ROUNDS, ESPECIALLY M79 ROUNDS. FORTUNATELY. HOWEVER. NO ONE WAS SERIOUSLY WOUNDED ROUNDS. FORTUNATELY, HOWEVER, NO ONE WAS SERTOUSLY WOUNDED BY THESE FEW INCIDENTS, AND, AS MODGEDURES BEGAN TO EVOLVE, ACCURATE FIRES WERE BROUGHT TO BEAR. ALTHOUGH THE RELATIVELY SMALL SHELLS DID NOT INDIVIDUALLY HAVE MUCH EFFECT UPON THE BUNKERS, ONE BUNKER WAS DESTROYED BY CHIPPING AWAY AT IT FOR AN EXTENDED PERIOD OF TIME. MURE IMPORTANTLY, HOWEVER, EVEN THE M79 AND 40MM AND 20MM FIRES ACTED AS A STRONG DETENBENT TO VO FIRE.

ALTHOUGH THE MORTAR TUBES ON BOARD THE MONITORS VERE UTILIZED TO SOME EXTENT, THE EASE WITH WHICH ARTILLERY WAS GOTTEN AND MY OWN "UNSURENESS" OF A FLOATING MORTAR PLATFORM CAUSED ME NOT TO USE THE MORTARS ENOUGH TO GAIN USEFUL EXPERIENCE FACOTRS WITH THEM. THE FACT THEY THEY WERE USED, HOWEVER, LEADS ME TO BELIEVE THAT WITH SUFFICIENT TRAINING ON BOTH MY TROOPS! FART AND THE NAVY CREW'S PART THESE TUBES COULD BE AT LEAST AS USEFUL AS MORE CONVENTIONAL MORTARS.

THE THIRD MOST ACCURATE AND RESPONSIVE SUPPORTING FIRES WERE THE AIRSTRIKES. AT ONE TIME 750-POUND BOMBS WERE CALLED IN WITHIN 75-100 METERS OF MY TRODIS WITH NO AFFARENT INJURIES. THE AIRSTRIKES LERE THE ONLY SUPPORTING FIRES THAT COULD DESTROY THE BUNKERS IN ONE BLOW; HOWEVER, MOST OF THE BUNKERS WHICH WERE DESTROYED IN THIS MANNER WERE BEHAND THE VC FRONT

WHICH I COULD SWITCH TO THE FAC FREQUENCY; AS A RESULT, THE
FAC HAD TO DEPEND UPON OUR SMOKE TO KNOW WHERE WE WERE.

FIRST DAY. THE FACTS MOVED THE WHEN WE BEGAN TO RUN OUT OF SMOKE TO KNOW WHERE WE WERE.
WHEN WE BEGAN TO RUN OUT OF SMOKE ON THE AFTERNOON OF THE
FIRST DAY, THE FAC'S MOVED THE ATRSTRIKES SLIGHTLY FARTHER
AWAY FROM US. IN GENERAL, THE MOST USEFUL ORDNANCE WAS THE
750-POUND BOMB. NAPALM WOULD HAVE BEEN USEFUL, BUT IT WOULD
NO RELIABLY DETONATE IN THE MUD. I AM SURE THAT SOME STRAFING RUNS WERE MADE, BUT I DO NOT REMEMBER THEM. THE 2.75" ACCRETS WOULD HAVE BEEN GOOD HAD THEY HIT DIRECTLY ON A BUNKER DUE TO THEIR PENETRATING POWER. TO THE BEST OF MY KNOWLEDGE, THESE ROCKETS LANDED HARMLESSLY IN THE MUD BETWEEN BUNKERS.

THE LEAST ACCURATE AND RESPONSIVE SUPPORTING FIRES CAME

FROM THE GUNSHIPS. ON TWO SEPARATE OCCASIONS GUNSHIPS MADE STRAFING RUNS OVER MY TROOPS. IN ONE GASE, THE PILOT DID NOT SEEM TO BE ON ANYONE'S RADIO-HE JUST CAME IN AND SHOT UP THE PLACE. IN GENERAL, HOWEVER, I DO NOT THINK THE PILOTS SHOWED NEGLECT; RATHER, I FEEL THAT THE GUNSHIP IS A WEAPONS SYSTEM WHICH CAN BE MOST EFFECTIVELY USED AGAINST TROOPS WHICH THE BILOT CAN OBSERVE. IN MY CASE, MY PEOPLE WERE AS WHICH THE PILOT CAN OBSERVE. IN MY CASE, MY PEOPLE WERE AS WELL HIDDEN AS THEY COULD MAKE THEMSELVES, AND THE PILOTS SIMPLY SHOT THE WRONG PLACES.

ASSISTANCE FOR MY WOUNDED WAS MINIMAL. OBSERVED TWO MEN BLEED TO DEATH SIMPLY DECAUSE WE COULD NOT GET TO THEM. TWO OF MY MEDICS DIED IN ATTEMPTS TO REACH THE WOUNDED. ABOUT 1500 ON THE FIRST DAY ONE DUST-OFF PILOT CAME IN UNDER FIRE AND EXTRACTED 4 OF MY WOUNDED. I TRIED TO DIVIDE THE WOUNDED INTO 3 CATEGORIES: UNGENT (HEAD, CHEST AND STOMACH WOUNDS), PRIORITY (ARM OR LEG WOUNDS), AND ROUTINE (MINOR WOUNDS OF ANY SORT). IN THIS I WAS ONLY PARTIALLY SUCCESSFUL, AS WE HAD TO LOAD THOSE WOUNDED WHO WERE FAIRLY CLOSE TO THE HELICOPTER. THE NEXT DUST-OFF BY HELICOPTER WAS NOT ACCOMPLISHED UNTIL ACCOUT 0200 THE MORNING OF 20 JUNE AS I MENTIONED DURING THE DISCUSSION OF ARTILLERY SUPPORT. A SMALL NUMBER OF MY WOUNDED WERE ABLE TO REACH THE AID BOAT BURING THE LATE AFTERNOON AND EARLY EVENING. I UNDERSTAND THAT SOME OF THESE MEN WERE SUBSEQUENTLY DUSTED OFF.

IN THE MID-AFTERNOON I INSTRUCTED THOSE PEOPLE WITH WHOM I COULD COMMUNICATE TO SCOOF OUR POSITIONS FOR THEM-SELVES IN THE SOFT MUD (A RESULT OF THE RICE PADDY BEING UNDER ABOUT 3-6 INCHES OF WATER AT HIGH TIDE) AND TO HANG ON UNTIL DARKNESS. UNDER THE GOVER OF DARKNESS, I INTENDED TO GATHER MY PEOPLE INTO SMALL GROUPS WHERE THEY COULD SET UP GATHER MY PEOPLE INTO SMALL GROUPS WHERE THEY COULD SET UP (MINIMAL) PERIMETER SECURITY. JUST AFTER 2100-19 JUNE, BRAVO 4/47 INF ARRIVED AT MY OP, ENABLING US TO CONGENTRATE ON POLICING UP OUR WOUNDED. UNFORTUNATELY, WHEN FIRST ASKED IF I WANTED THE BATTLEFIELD ILLUMINATED, (DID NOT THINK THAT ILLUMINATION WOULD BE HARMFUL. HOWEVER, SEVERAL OF MY WOUNDED WERE CAUGHT IN THE OPEN WHEN THE ILLUMINATION CAME. AS A RESULT, I LOST 2 ADDITIONAL MEN THAT I KNOW OF. IMMEDIATELY, OR COURSE, I ATTEMPTED TO SHUT OFF THE ILLUMINATION. MY INITIAL ERIOR WAS FURTHER COMPOUNDED TWICE WHEN ILLUMINATION ROUNDS WERE FIRED WITHOUT NOTIFYING US. ON ILLUMINATION ROUNDS WERE FIRED WITHOUT NOTIFYING US. ON

EACH OF THESE OCCASIONS, I SUFFERED ADDITIONAL WOUNDED WHILE MY TROOPS WERE TRYING TO RE-GROUP.

FINALLY, AFTER WE COMPLETED THE 0200 DUST-OFF MISSIONS AND I HAD ACCOUNTED FOR ALL THE MEN I COULD FIND, WE CALLED FOR AND GOT CONTINUOUS ILLUMINATION FOR THE REMAINDER OF THE NIGHT.

THE MORNING OF 20 JUNE 1967 BRAVO 4/47 INF CALLED IN AN AIRSTRIKE ON THE BUNKER LINE TO OUR FRONT AND MADE AN UNEVENT-FUL FRONTAL ASSAULT. APPARENTLY, THE VC HAD PULLED OUT DURING THE NIGHT; WE, OF COURSE, HAD NO WAY OF KNOWING THIS UNTIL THE ASSAULT WAS MADE.

THE PILOTS CAME ON THE AIR AND ASKED ABOUT THE SITUATION. THEY WERE TOLD HOW THE AIR WAS FILLED WITH 50-GALIBER AND 30-GALIBER TRACER AND ROUNDS. THEY SAID THEY WOULD GIVE IT A TRY. WE INITIALLY ATTEMPTED TO MOVE ACROSS COUNTRY, BUT THE PLASTIC ASSAULT BOATS TO MOVE THE UNIT TO OBJECTIVE 16. UPON ARRIVAL THE COMMANDING OFFICED OF ALPHA 4/47 INF CAME ON MY PUSH, BUT DECAUSE OF THE HEAVY CASUALTIES AND LACK OF COMMUNICATIONS WITH HIS ELEMENTS, COULD NOT GIVE ME A CLEAR PICTURE OF THE ENEMY SITUATION AND HIS POSITION. HE POPHED HIS LAST SMOKE GRENADE TO SHOW US HIS POSITIONS. WE MOVED OUT WITH 2 FLATOONS FORWARD, 1 IN RESERVE. SINCE MY 4TH HIS LAST SMOKE GRENADE TO SHOW US HIS POSITIONS. WE MOVED OUT WITH 2 FLATOONS FORWARD, 1 IN RESERVE. SINCE MY 4TH PLATOON CONSISTED OF ONLY 6 MEN, I STRECTED THEM TO QUARD THE PAB'S AND AWAIT FURTHER ORDERS.

WHEN THE LEAD ELEMENTS WERE APPROXIMATELY 300 METERS FROM THE POSITION INDICATED FROM THE SMOKE, THE ENTIRE COMPANY CAME UNDER HEAVY AUTOMATIC WEAPONS AND SNIPER FIRE, KILLING 2 AND WOUNDING SEVERAL. ARTILLERY WAS ATTEMPTED TO BE CALLED IN ON SUSPECTED ENEMY POSITIONS. IT TOOK OVER 90 MINUTES TO GET THE ARTILLERY. WHEN THE ARTILLERY CAME IN, THE PLATOON ATTEMPTED TO ADVANCE WHILE DOUNDS WHILE THE ARTILLERY FELL. LIEUTENANT HELLER'S PLATOON MANAGED TO GET THROUGH TO ALPHA 4/47 INF. CASUALTIES WERE RECEIVED FROM A SHORT ROUND. EVACUATION OF CASUALTIES TO THE REAR WAS NOT POSSIBLE BECAUSE OF HEAVY FILE. AS LARKNESS FELL, CASUALTIES WERE BUSTED OFF.

BASED ON THE EVALUATION OF THE STRUATION PROVIDED TO ME, I WAS UNDER THE IMPRESSION THE ENEMY LINES WAN SIMILAR TO THE FOLLOWING.

AFTER THE AIR STRIKE, WE ASSAULTED FORWARD CLEARING THE AREA, WITH ONE PLATOUN CLEARING THE PALM TO THE RIGHT, 2 PLATOONS ON LINE. THE NETWORK OF BUNKERS EXTENDED MUCH FARTHER TO THE EAST THAN I HAD ESTIMATED. (SEE SECTION IS ANNEX B,

ON 19 JUNE 1967

ON 19 JUNE 1967 CHARLIE 4/47 INF WAS EXTRACTED FROM A SEAFCH AND CLEAR MISSION MOVING FROM NORTH TO SOUTH. WE HAD BEEN INSERTED AT COURDINATES X8872694 AND WELE EXTRACTED AT XS862682. DURING THIS SEARCH AND CLEAR MISSION IT WAS NOTED THAT THERE WAS A LACK OF CIVILIAN ACTIVITY AND ONLY ONE MALE BETWEEN THE AGES OF 15 AND 45 YEARS WAS FOUND IN THE AREA. ALL WOMEN AND CHILDREN WERE REMAINING NEAR THEIR HOUSES.

JUST PRIOR TO 1100 WE VEHE REINSERTED AT XS843653. NEW MISSION WAS TO TAKE UP A FOSITION ALONG THE STEAM TO FORM A DEOCKING FORCE FOR UNITS SWEELING UP FROM THE SOUTH. CHARLIE 3/47 INF HAD ALREADY SWEET UP TO THIS PUSITION WHEN I COOLDINATED WITH THEIR COMPANY COMMANDER AND STARTE TO MOVE MY COMPANY INTO POSITION. I WAS MOVING MY

1ST PLATOON ON THE RIGHT, MY 2ND PLATOON IN THE CENTER AND A
LITTLE FURWARD AND MY 3RD PLATOON ON THE LEFT. WE HAD MOVED
ALMOST 700 METERS TO THE NORTHWEST WHEN MY 2ND PLATOON WAS
HIT BY AUTOMÁTIC WEAFONS FILE FROM THE NORTH. THEY MANEUVERED WE DEACHED. UP TO A DIKE APPROXIMATELY 75 METERS FROM AN ENEMY BUNKER HOUSING PROBABLY A 50-GALIBER MACHINE GUN. I BROUGHT MY 1ST PLATION UP ON THE REGHT AND THEY BECAME IMMEDIATELY ENGAGED TO THEIR FRONT. I DEDUGHT MY 350 PLATON UP ON THE LEFT TRYING TO FLANK THE ENEMY AND RELIEVE THE PRESSURE ON THE THE ENEMY HAS POSITIONS ON THE NORTH OTHER TWO PLATOONS. SIDE OF THE STREAM ABOUT 500 METERS FRONT AND 150 METERS IN DEPTH. THERE WERE AT LEAST 3 HEAVY MACHINE GUNS AND SEVERAL LIGHTER AUTOMATIC WEAFONS. OUR POSITION AVERAGED FROM 50 TO 35 METERS AWAY FROM THE ENEMY. WE CALLED FOR ALL THE CLOSE ATT SUPPORT AND ARTILLERY THAT WE COULD GET. CHARLIE 3/47 INF VAS INSTRUCTED TO MANEUVER FROM MY REAR (SOUTH) TO MY LEFT FLANK.

WE FOUGHT FROM THESE POSITIONS FOR APPROXIMATELY 4 1/2 HOURS, ATTEMPTING TO KNOCK OUT THE ENEMY BUNKERS TO OUR FRONT. LE DESTROYED ONE WITH A 90MM AND TWO OTHERS LERE DESTROYED BY OUR NAVY COUNTERPARTS WITH A 40MM GUN ON A MONITOR AT A RANGE OF ABOUT 25 METELS. IT TICK ADOUT 26 ROUNDS OF THE 40MM TO KNOCK OUT THE BUNKEL. ABOUT 1630 L WAS ABLE TO WITH-DRAW 2 FLATOONS UNDER COVER OF GUNSHIPS (HELICOPTERS) TO BE REINSERTED ON THE NORTH BANK OF THE ELIVER ON THE EAST FLANK OF THE ENEMY LEAVING BY 3RD PLATOUN TO SPREAD OUT AND HOLD OF THE ENEMY LEAVING MY 3RD PLATOUN TO SPREAD OUT AND HOLD THE POSITIONS ON THE THE ENEMY'S SOUTH. I USED MY 1ST PLATOON TO CONDUCT AN ATTUCK ON THE RIGHT FLANK OF THE EMEMY WITH THE 2ND FLATOON LAYING DOWN A BASE OF FIRE ON THE 1ST PLATOON'S RIGHT FLANK. WE OVERRAN THE ENEMY FOR ABOUT 150 METERS BEFORE WE RAN OUT OF AMMUNITION AND HAD TO REORGANIZE AND RESUPPLY. WE THEN DECIDED TO HOLD FOR THE NIGHT. TAKING MAXIMUM ADVANTAGE OF ARTILLERY THROUGHOUT THE NIGHT.

THE NEXT DAY THE AREA WAS SO TORN UP FROM ARTILLERY THAT IT DIGNAL EVEN LOOK THE SAME. WE STARTED A SWEET AND

THAT IT DIDN'T EVEN LOOK THE SAME. WE STARTED A SWEEL AND RECEIVED FIRE FROM FRIENDLY TROOPS STARTING TO SWEED THROUGH FROM THE NORTH AND WEST. I MADE COORDINATION WITH THE FRIENDLY UNITS AND TOOK UP BLOCKING POSITIONS ALONG THE DEKES WITH THEM FUSHING THROUGH TO ME. AFTER BOTH UNITS CAME THROUGH TO ME I SPREAD OUT AND SWEPT OF TO THE NORTH DESTROYING THE REMAINING BUNKERS AND SEARCHING OVER THE ENEMY POSITIONS.

ON JUNE 20 WE MORED OF THE BATTLEFIELD AND WENT INTO A BATTALION DEFENSIVE POSITION LATE IN THE AFTERNOON.
